Inference Strategy

Amy Mahlke, Instructor

Friday, March 9, 2012

9:00 a.m. – 12:00 p.m.

Bluffview Montessori

1321 Gilmore Avenue, Winona, MN

Inference Strategy

The *Inference Strategy* is a set of procedures readers can use to comprehend written passages and answer inferential questions (questions that are not answered directly in the text). Research results showed that students who learned the Inference Strategy improved their ability to make inferences and to identify different types of questions. Students performed significantly better on tests—including standardized reading assessments—after learning the strategy.

There is no cost for this workshop for HVED Member District staff.

You must register with Leslie Johns (ljohns@hved.org) or 507-452-1200, Ext. 100.

Registration due by February 24, 2012.
